## Education

### IEK Intergraphics

*Diploma in Graphic Design*  
2022 – 2024 (Degree Pending: Internship Completion)

- Completed a comprehensive 2-year program focused on core graphic design principles, including typography, color theory, and visual communication.
- Applied design principles and problem-solving approaches, like Design Thinking, to create visually compelling and user-friendly interfaces in personal and academic projects.
- Mastered industry-standard design tools like Adobe Creative Suite, Figma, and Blender, utilizing them to craft visually appealing designs and interactive prototypes that align with user-centered design principles.
- Collaborated on design projects that mimicked real-world challenges, improving teamwork, communication, and project management skills.

### 2nd Lyceum of Arta, Greece

*High School Diploma*

- Graduated 2012

## Projects

### Expend

Full Project

*Personal Project - UI Design - User Research - Usability Testing - Prototype*

- Conducted user research to uncover behavioral patterns and user needs, providing critical insights that guided the entire design process.
- Mapped out user flows and created a design system, ensuring a consistent and intuitive user experience across the application.
- Designed medium and high-fidelity wireframes to visualize key interactions, while also designing a logo that reinforced the app’s brand identity.
- Performed usability testing to assess the clarity, ease of use, and comprehension of the app’s features. Based on user feedback, made key iterations to improve the overall user experience.

### Edgingtons Architects

Full Project

*School Assignment - Rebranding - Market Research - Landing Page Design - Coded Prototype*

- Performed an in-depth analysis of the company's brand and current logo to guide the rebranding effort.
- Researched market trends and competitors to craft a distinctive brand identity, resulting in a new logo, business card, and letterhead that aligned with the company’s vision.
- Created wireframes for the new landing page, emphasizing user experience and visual appeal.
- Developed a coded prototype from the wireframe, demonstrating initiative and technical skills beyond the original scope.

## Skills

### Design Methodologies

User Research - UI/Interaction Design - User Journey Mapping - Wireframing - Prototyping - Usability Testing - Atomic Design - 3D Modeling - Basic Coding

### Design Software

Figma - Adobe Creative Cloud (Photoshop, Illustrator, InDesign) - Blender

### Coding/Development

HTML - CSS - JavaScript - ReactJS - Tailwind  
CSS - Visual Studio Code - GitHub

## Experience

### Sales Assistant & Bakery Staff | Family Business, Αρτοπώλιον Αρτα, Arta, Greece

*October 2021-Present*

- Managed front-line sales, engaging with customers to understand their needs and provide tailored recommendations.
- Worked closely with the production team to maintain product quality and ensure timely deliveries.
- Contributed to product creation and business operations, demonstrating an understanding of end-to-end processes.

### Culinary Assistant & Bartender | Yialos IOS Hotel, Ios, Greece

*May 2021-September 2021*

- Created dishes and beverages tailored to customer preferences, balancing aesthetic presentation with functionality.
- Actively engaged with customers, offering personalized service and responding to inquiries, which required understanding and anticipating their needs.

### Junior Chef | Brothers In Law, Ioannina, Greece

*October 2019-March 2021*

- Maintained consistency and attention to detail while preparing high-quality dishes in a fast-paced environment.
- Coordinated with team members to streamline kitchen operations and provided training to enhance team performance, demonstrating leadership and efficiency.

## Military

### Military Service | Hellenic Army, Greece

*9 Months*

Served as a Military Chef, responsible for preparing meals for several hundred soldiers daily in a high-pressure environment.
